H.R. 643

African Elephant Conservation Reauthorization Act of 2001

As ordered reported by the House Committee on Resources on May 16, 2001

SUMMARY

H.R. 643 would reauthorize funding for projects carried out under the African Elephant Conservation Act. Specifically, the bill would authorize annual appropriations for such projects to the Multinational Species Conservation Fund through 2007 at the existing authorization level of up to \$5 million annually. The current authorization expires after fiscal year 2002. The Secretary of the Interior uses this fund primarily to help finance research and conservation programs overseas.

Assuming appropriation of the authorized amounts, CBO estimates that enacting H.R. 643 would result in additional discretionary spending of \$18 million over the 2003-2006 period. (An additional \$7 million would be spent after 2006.) The legislation would not affect direct spending or receipts; therefore, pay-as-you-go procedures would not apply. H.R. 643 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would not affect the budgets of state, local, or tribal governments.
